*Subject index*

341

vortex formation	151	Weitek processor	96
vortex methods	231	Wilson fermions	86
vortex shedding	151, 301	Wilson parameter	40
vortex structures	122	wing surface	14
vorticity	78, 232	Wolff's cluster algorithm	17
vorticity distribution	69	Wolff's single-cluster variant	19
vorticity transport equation	212		
wave-function tests	84	Yang-Mills field	180
wave propagation	117		
Weitek chips	41	zonal-grid technology	11
